

## Intermittent noisy work on W. Broadway continues through the fall

November 8, 2024

The future Arbutus Station is taking shape in your neighbourhood. During this phase of construction crews will be using hydro vac machines intermittently on W. Broadway between Arbutus and Maple streets through December. This work supports multiple activities taking place on site, including concrete works.

### Timing

- Regular work hours are Monday to Saturday from 6 a.m. to 10 p.m.
- Hydro vac trucks are expected to start after 7 a.m. when this work is required.

### What to expect

- Elevated noise levels related to the hydro vac work.
- Multiple hydro vac trucks intermittently in operation.

We strive to minimize impacts of construction activities on our neighbours, and we regularly monitor and adapt mitigations as needed. We remain committed to keeping residents and businesses updated on our progress as we advance this major transit infrastructure project in your community.

### Thank you for your patience

We know that construction can be disruptive, and we are working hard to minimize impacts in your neighbourhood. Thank you for your continued patience while we build this important transportation infrastructure project.
